SECURITY/ACCESS TO BUILDINGS

Security for district buildings and grounds (during regular school hours as well as non- school hours) contributes to the well-being and safety of students and staff as well as to that of the sites themselves. For safety and security purposes, access to school buildings, whether by students, staff members or visitors, shall be limited as deemed appropriate by the superintendent or designee.

Each school building shall be inspected routinely to address removal of hazards and vandalism and any other barriers to safety and supervision.

Alarm systems and other devices designated to protect buildings against illegal entry and vandalism shall be installed where appropriate. Employment of security personnel may be approved by the Board in situations where special risks are involved.
