Membership Recommendations
August 27, 2024**

Individual Recommended to Fill Current Vacancy

The District Accountability Committee (DAC) recommends membership for one (1) Parent Representative and one (1) Alternate Parent Representative. Individual recommended to fill the current parent representative vacancy.

Parent Representative:

Kristina Parent

Douglas County High School Feeder

Charter School Parent

First Term: June 2025-June 2027 (Completing unexpired term of vacant parent representative)

“I’ve been the DAC liaison for American Academy SAC over the past school year, and I’ve enjoyed being present for the DAC meetings. I feel like the more I learn about the ways I can help our schools and our district, the deeper I want to be involved. I care greatly about the education that our children are getting, I have a level head, and I love serving our community.

I have served on American Academy SAC for the past year and have served on the AAPTO at Castle Pines for the last three years. I began with the AAPTO-CP as Secretary, and am the PTO President this year. In addition to being on the PTO and SAC, I’ve also been serving as the DAC liaison, reporting DAC meeting content to the SAC.

I began volunteering at a young age with college, volunteering at my church, with the Girl Scouts, and at a battered women's shelter. While volunteerism is an important part of my life, I am also a mother of two girls (Makayla 13, and Annabelle 11), and have a wonderful, supportive husband, Chris. I have a degree in Computer Science and have worked supporting the Department of Defense since 2001. I work full time for CACI as a DevOps Engineer, but I am also a Software and Cloud Security Engineer.”

Parent Representative Alternate

Amy Davis

Rock Canyon High School Feeder

“As a committed parent, experienced educational leader and advocate for education, I am eager to contribute my skills, experiences, and dedication to support the district's mission of academic excellence and a holistic and nurturing environment for all our students.

I grew up in Colorado and graduated from Loveland HS and attended CU - Boulder but just recently moved back to Colorado from Houston where I had gone initially just to “gain experience” as the job market was very tight as I was searching for my first job. After 30 years of experience, I am thankful to have returned “home.” We looked at 14 high schools in 8 school districts across the front range before we purchased our house in Douglas County. I have a BA from St. Olaf College, graduate work from CU-Boulder and a MA from Stanford University that looked at the psychological components of effective teaching and culture-building parallels between the soccer pitch and the classroom. Last year I retired after 28 years as a public high school teacher and a head soccer coach. As a teacher I have taught math (from remedial math to Algebra II Honors), social studies (American & World History, Geography Honors and AP Psychology), and also was certified to teach French. I have served in leadership roles on the school and district-level for curriculum writing, teaching, athletics, school culture initiatives, as well as a parent member of SAC at the junior high level. As a coach I was elected to serve as state officer by my fellow coaches. This past year, I became involved at RCHS as a member of the Rock Canyon Community Alliance Teacher Grant committee and will serve as its chair next year.”
