# Academic Excellence Update: Literacy-Reading

- Review of i-Ready Beginning of the Year Data
  - Mathematics
  - Reading
  - Historical Placements
  - Grade-Level Placements
  - Comparative Placements
  - Subgroup Placements
  
- Core Reading Program Pilot Update
  - School Leader Perspectives
  - Next Steps

# Beginning of Year Data and Implementation Review

*Douglas Co SD*

# Overview of Analyses

The analyses presented in this report use the following key features of the Diagnostic:

## Criterion-referenced placements

- Understand performance against grade level standards
- Compare beginning-of-year performance and academic needs of this year's population with prior year cohorts
- Understand performance at the domain level

## Vertically-aligned scale scores

- Examine average scores over time for the same cohort of students
- Compare Spring 20-21 and Fall 21-22 performance to understand impact of summer

## Norm-referenced performance

- Understand student performance relative to a nationally representative group
- Compare performance of the same cohort of students over time, benchmarked against the national group

# Math Performance Review

# Who Is Included in the Analysis?

## CROSS-SECTIONAL ANALYSIS

Students who completed a Diagnostic in any of the testing windows examined.

Students are included in the 3-year cross-sectional analysis if they completed a Diagnostic in Fall 19-20 **or** Fall 20-21 **or** Fall 21-22.

	K	1	2	3	4	5	6	7	8
Fall 21-22	3,430	3,546	3,679	3,747	3,849	3,854	3,963	4,112	4,230
Fall 20-21 In School*	2,655	2,695	2,732	2,976	2,965	3,071	2,700	1,413	1,498
Fall 20-21 Other	682	959	998	1,009	1,006	1,040	1,477	2,551	2,678
Fall 19-20	3,576	3,707	3,953	3,903	4,156	4,413	4,432	4,617	4,819

## LONGITUDINAL COHORT ANALYSIS

Students who completed a Diagnostic in all of the testing windows examined across years. Counts by grade are provided in the corresponding analyses.

\* These data include only students who indicated they completed their Fall 20-21 Diagnostic in school.

# Understanding i-Ready's Relative Placement Levels

i-Ready's placement levels are criterion-referenced, reflecting what students are expected to know at each grade level and in each content area. In the following analyses, student performance is described using the following five relative placement levels:

## ■ Mid On-Grade or Above

Students at this level have met or surpassed the minimum requirements for the expectations of college- and career-ready standards in their grade level. Students will benefit from instruction in late on-grade level topics, or above-grade level instruction.

## ■ Early On-Grade

Students at this level have only partially met grade-level expectations. They will benefit from on-grade level instruction.

## ■ 1 Grade Below

## ■ 2 Grades Below

## ■ 3+ Grades Below

For students who are placed below level, remediation focused on below-grade level material is recommended to fill in gaps in students' foundational knowledge. These students are placed into one of these three levels.

# How Have Relative Placements Changed From Fall to Fall?

Fall 19-20 to Fall 21-22 Placement Distribution

i-Ready's placements are an indication of what students are expected to know at each grade level. The mid on-grade placement refers to students who may be considered proficient for their grade. In the fall, many students place below grade level.

*This is a cross-sectional analysis. \* This bar includes only students who indicated they completed their Fall 20-21 Diagnostic in school.*

# How Have Relative Placements Changed From Fall to Fall?

Fall 19-20 to Fall 21-22 Placement Distribution

i-Ready's placements are an indication of what students are expected to know at each grade level. The mid on-grade placement refers to students who may be considered proficient for their grade. In the fall, many students place below grade level.

This is a cross-sectional analysis. \* The 20-21 bars include only students who indicated they completed their Fall 20-21 Diagnostic in school.

# How Have Relative Placements Changed From Fall to Fall?

Fall 19-20 to Fall 21-22 Placement Distribution

i-Ready's placements are an indication of what students are expected to know at each grade level. The mid on-grade placement refers to students who may be considered proficient for their grade. In the fall, many students place below grade level.

*This is a cross-sectional analysis. \* The 20-21 bars include only students who indicated they completed their Fall 20-21 Diagnostic in school.*

# Who Is Included in the National Benchmark Data?

## **Historical National Norms Fall 18-19**

The i-Ready national norms are based on nationally representative samples that reflect the makeup of the US student population along key demographic characteristics.

## **National In-School Population to Date Fall 21-22**

This population includes all students who completed an in-school i-Ready Diagnostic in Fall 21-22 across the nation. This information is not representative of the national population, but reflects the performance of all students who completed an i-Ready Diagnostic from August 1 to October 2 and indicated that their Diagnostic was taken in school.

# How Do the District's Relative Placements Compare to the Benchmarks?

Fall Placement Distribution for District and Benchmarks

The National Tested Population represents all Diagnostics taken in school across the nation from August 1, 2021 - October 2, 2021. This includes data from 6,892,950 Diagnostics.

i-Ready's placements are an indication of what students are expected to know at each grade level. The mid on-grade placement refers to students who may be considered proficient for their grade. In the fall, many students place below grade level.

# Participating Schools

## Wonders

- Stone Mountain
- Northridge
- Heritage
- Eldorado
- Wildcat Mountain
- Pine Grove

## Benchmark Workshop

- RXP
- RXI
- Sedalia
- Redstone
- Sage Canyon
- Soaring Hawk  
(3rd)

## Benchmark Advance

- Cherokee Trail
- Mammoth Heights  
(K-3)
- Sedalia (6th)
- RXI (6th)

# Engagement and Feedback Opportunities

## Pilot Schools

Monthly visits to each school that include:

- Teacher interviews
- Principal interviews
- Classroom visits
- BLT Feedback Session

Monthly surveys to implementing teachers

## Community

- Evening presentations provided by vendors
- Recordings of both presentations were available to the community
- Program materials on display at Cantril (through December 12) and Highlands Ranch Library.
- [District website with community information](#)

## Non-Pilot Schools

- Participate in presentations at level meetings
- Engage staff (BLT, small team, etc)
- Arrange pilot school visits and/or connect with principals of pilot schools
- Ensure staff can view materials
  - Utilize logins for access to digital materials
  - Order samples (optional)
- Engage SAC and PTO
- Include information about community opportunities in school newsletter--[District website with community information](#)

# Next Steps

Level meetings to discuss feeder alignment and decision-making factors	October-December 2021
Review teacher survey data	October-December 2021
Select a program and provide order details	January 2022
Order and receive materials	Spring 2022
Deliver initial professional development	Spring 2022

A large group of graduates in blue gowns and caps are seen from behind, celebrating with their caps in the air against a bright blue sky. The scene is filled with a sense of accomplishment and joy.
