

DCSD Charter School Automatic Waiver Request Template

*Use the addendum template below to list **automatic waiver(s)** from policy and rule and the related replacement plans that the charter school is requesting.*

Automatic district waivers still require a developed plan, process, or policy on record. DCSD has streamlined this process with its “Automatic Waiver Request Template” document. This document allows charter schools to reference their replacement policy using existing material (e.g., Staff or Student Handbook, Application, Policy Handbook, etc.). This process is not intended to be exhaustive, rather it aims to help protect the autonomy of the charter school.
