

EL 13 Student Accommodation

The Superintendent shall not make decisions regarding student accommodations that fail to balance fiscal responsibility, adequacy of the learning environment, pedagogical soundness, needs of the district overall and program viability.

Accordingly, the Superintendent shall not:

1. Recommend and/or make changes to student accommodation, which includes ing school combination closure, substantive alterations or additions, boundary changes, excess property disposal or sale or grade reconfigurations without first having provided opportunity for input from the staff and relevant Board Committees, such as the Long Range Planning Committee.
2. Permit the stakeholders of the any school which may be considered for significant modification of accommodations school in question to be uninformed as to the criteria for such a modification and the ability to provide appropriate feedback on that modification after a school has met the criteria for a school review or grade reconfiguration process.
3. Permit any deviation from rigorous adherence to written administrative processes that ensure compliance with legislated requirements for the process of determining a school review, school closure or grade reconfiguration modification of student accommodation, or implementing the decision once made.
4. Permit the Board to be without sufficient information to make fully informed decisions regarding regarding substantial modifications of student accommodations, a school review, school closure, or grade reconfiguration.
- 4.5. Allow use of student accommodations that do not comport with relevant statutes and regulations regarding access for all students.
