Report Date: February, 2025

**Policy E.L. 8 (Staff Compensation and Benefits)** - "The Superintendent shall not cause or allow jeopardy to fiscal integrity or public image through employment, compensation, including pay and benefits, to employees, or independent contractors.

Accordingly, the Superintendent shall not:

- 1. Change their own compensation, outside of changes dictated by the Superintendent contract.
- 2. Promise or imply permanent or guaranteed employment.
- 3. Establish current compensation that deviates materially from the geographic or professional market for the skills employed.

- 5. Establish or change benefits so as to cause unpredictable or inequitable situations.
- 6. Employ or contract with any member of the Board."

1. Change their own compensation, outside of changes dictated by the Superintendent contract.

**Compliance will be demonstrated when:** Any adjustments to the Superintendent's compensation are made solely in accordance with the terms outlined in the Superintendent's contract, with no deviations outside of those terms.

**Rationale:** Ensuring that the Superintendent's compensation aligns strictly with the contract terms guarantees fairness, accountability, and prevents any potential conflicts of interest or misuse of authority.

**Evidence:** Documentation of the Superintendent's contract, including compensation terms, and records of any changes made in compliance with those terms (such as Board meeting minutes or official correspondence).

- No changes have been made to the existing Superintendent contract.
- The Superintendent has not otherwise changed the terms of her contract.
- The Superintendent has not received compensation outside of the terms of the Superintendent contract.

2. Promise or imply permanent or guaranteed employment.

**Compliance will be demonstrated when:** No statements or actions are made by the Superintendent that could be interpreted as promising or implying permanent or guaranteed employment.

**Rationale:** Preventing promises of permanent employment ensures that all staff, including the Superintendent, are subject to performance reviews, renewal contracts, and accountability measures, maintaining a professional work environment.

**Evidence:** Records of public statements or communications from the Superintendent that clarify the nature of employment agreements, and employment contracts that clearly define the term of service.

**Rationale:** Aligning compensation with the market ensures fairness and competitiveness, preventing the district from overpaying or underpaying employees relative to industry standards.

**Rationale:** This ensures that the district can meet its financial obligations without compromising its long-term fiscal health, preventing deficits or financial instability.

**Evidence:** Budget reports, financial projections, meeting minutes where financial decisions are made, and documentation of reserve fund allocations and legal compliance.

6. Employ or contract with any member of the Board.

**Compliance will be demonstrated when:** The Superintendent avoids hiring or contracting with any member of the Board, ensuring that all hiring decisions are made independently and without conflicts of interest.

**Rationale:** This prevents any conflicts of interest that could arise from Board members having direct employment relationships with the Superintendent, which might lead to biased decision-making or favoritism.

**Evidence:** Personnel records that show Board members are not employed or contracted by the Superintendent, as well as Board meeting minutes and official communications reflecting the adherence to this policy.

• No members of the Board are employed or contracted by DCSD.
