What would improve the experience?	Is there anything else you would like to share with the Board of Education?
More site visits and engagement d as staff would be great!	I think being more clear on what our job is and what the staff are responsible for would help. I can sometimes feel like a rubber stamp because they have done so much of the legwork, which is great but specifically on the MCP understanding what they need/want from us would be good.
Perhaps meetings during the day, or earlier in the evening. When I was apart of Cherry Creek's Long Range Planning Committee they conducted meetings once a month on Thursday's at 9:00am.	I appreciate the Board of Education's commitment to the district and their involvement and engagement in Board Committees.
For the Board to keep an open mind and be willing to listen to ideas and suggestions generated from the committee	
I am new to the committee. So time will likely improve my opinion on all of these topics.
