,
Specific Ownership Tax collection continues to trend higher than prior years based on county population growth and vehicle purchases and will continue to monitor with Third Quarter to see if another revision to the budget is necessary for the Final Revised Budget
${ }^{2}$ While preschool enrollment did increase in $2021-2022$ from $2020-2021$ by $\sim 250$ students as of October Count, enrollment is still $300-400$ students below pre-pandemic enrollment levels for preschool contributing to a decrease in tuition collectio
${ }^{3}$ Increase in year end projection primarily due to increase in projection for concurrent enrollment tuition based on student particicipation and donation for Sources of Strength program for mental health and wellness
Staff vacancies primarily in Special Education teachers, assistants and operations positions continue to impact compensation with the projection $3 \%$ under Revised Budget after accounting for vacancy savings within Revised Budget of $\sim 56 \mathrm{M}$ for unfilled positions
School spending in supplies categories is down S3M from historical trends contributing to a projected increase in school carry over as the dollars will be $^{2}$

Year over Year Actual Notes
State Share of the School Finance Act collections are higher than the prior year due to the increase year over year in Per Pupil Revenue and Funded Pupil Count
Reduction in other intergovernmental revenue year over year primarily due to reduction in English Language Proficiency Act (ELPA) grant funding due to the change in the School Finance Act and reduced READ Act funding which are both received in the first half of the year
due to the slight increase in student count combined with the return to in person learning for 2021-2022 contributing to higher participation in cocurricular and extracurricular fee based activity
Additional pay in 2021-2022 includes a one-time stipend to all employees paid in November 2021

2021-2022 Budget to Projection Notes
${ }^{1}$ 'Transportation department continues to experience driver and transportation educational assistant shortages despite increases in hiring and retention stipends
Purchased Services year end projection over budget primarily due to student transporation from third party vendors increased due to bus driver shortages internally and increased need for Special Education transportation to out of district facility schools
${ }^{3}$ Other expenses projected to be a larger credit due to resuming field trip transportation this year and the Final Revised Budget will reflect field trip transportation charges to schools
ear over Year Actual Notes
Total fees collected increased year-over-year due to return to in-person learning five days a week compared to hybrid learning in 2020-2021 and restoration of normal one mile and two mile transport zones
${ }^{8}$ Purchased Services increased year-over-year due to increase in student transportation from third party vendors due to bus driver shortages internally and increased need for Special Education transportation to out of district facility schools
${ }^{\text {© Fuel increased year-over-year due to increased miles driven from return to in-person learning five days a week compared to hybrid learning in } 2020 \text {-2021 and increased fuel price in } 2021}$

2021-2022 Budget to Projection Notes
'Universal Free Meals will continue through 2021-2022 resulting in less food sales and greater federal reimbursement; program participation continues to remain high with more meals served than in the prior year
${ }^{2}$ Revised Budget includes estimated project cost for new freezer construction to occur in 2022 while only design expenses anticipated to occur by the end of the fiscal year and the construction occurring later in the summer/fall

```
Year over Year Actual Notes
```

${ }^{\text {B }}$ Meals and a la carte food served greater in 2021-2022 compared to $2020-2021$ and in 2020-2021 not all students were in school five days a week due to hybrid learning schedule
${ }^{6}$ Increase in meals served year-over-year has a direct impact on the quantity of food served and the associated costs for food and supplies; cost for the District to purchase food has also increased due to inflation and supply chain availability

2021-2022 Budget to Projection Notes
'Gate Fees and Donations and Fundraising budgets will be amended to align with year end projection for the Final Revised Budget
${ }^{2}$ Variance in other expenses represents school planned savings of athletic/activity revenue contributing to projected increase in school carry over
Year over Year Actual Notes
2021-2022 revenue higher than in 2020-2021 due to delayed seasons in 2020-2021 and further social distancing requirements and program restrictions not all in place for 2021-2022
${ }^{8}$ Salaries and benefits higher in 2021-2022 compared to prior year due to restoration of some of the pay cuts to coach stipends made in 2020-2021
${ }^{〔}$ With increased participation in sports and length of sport seasons year over year, purchased services and supplies expenses are higher than the prior year and more closely aligned with pre-pandemic operations

2021-2022 Budget to Projection Notes
${ }^{1}$ 'Overall reduced participation in BASE due to COVID-19 pandemic and staffing shortages requiring occasionally program closures and reduced tuition revenue
${ }^{2}$ Staffing shortages in BASE programs contribute to salary and benefit year end projection under budget
${ }^{3}$ Year end projection for supplies under budget to partially offset projected tuition under budget
Year over Year Actual Notes
While program participation is under budget in 2021-2022, it is still higher than in 2020-2021 due to hybrid learning and greater program closures due to COVID-19 in 2020-2021
${ }^{8}$ Transfer from General Fund increased year over year to offset projected tuition loss in order to maintain positive ending fund balance (balance on hand June 30)

|  |  |  |  |  |  |  |  |  |  |  |  |  |  |
| Utilities Summation Narrative: | Utilities are tracking to be within budget as of 2021-2022 2nd quarter despite the small increase in usage. There was a slight increase in usage on all utilities including electricity, natural gas, and water. Staff are continuing to keep a close eye on the utility budget by managing controls, operations, and efficiency. All locations receive building flushes when the temperature allows. When the temperature allows, the buildings are flushed an extra four hours with outside air. Several sites have had some efficiency upgrades to their systems, systems recommissioning and new parking lot LED lighting at all high school locations. |  |  |  |  |  |  |  |  |  |  |  |  |
| Electric |  Quarter, the year end projection is expected to still be under budget. |  |  |  |  |  |  |  |  |  |  |  |  |
| Natural Gas | The natural gas dth usage (decatherm - natural gas unit of measure) was elevated slightly by 5 K dth during 2021-2022 2nd Quarter compared to 2020-2021 2nd Quarter. The average cost per dth has increased by an average of $\$ 3.11 /$ dth from $\$ 2.48 /$ dth. Despite the increase in cost and usage, natural gas year end projection is expected to match budget. The year-end forecast for this utility is very much determined by the weather. In February 2021 , the polar vortex caused many issues with gas usage and pricing. Natural gas use/cost increases are to be expected due to increased outdoor air purges and increased pricing. With locked-in rates with one of the natural gas vendors, staff no longer anticipate the utility exceeding budget as was the expectation in 2021-2022 1st Quarter. |  |  |  |  |  |  |  |  |  |  |  |  |
| Water \& Sewer | Water usage was higher in 2021-2022 2nd Quarter than in the prior year in 2020-2021 2nd Quarter. The usage was elevated by 7338 kGal , but staff still anticipate this utility spend will be within budget. |  |  |  |  |  |  |  |  |  |  |  |  |
| Irrigation |  this utility within budget. |  |  |  |  |  |  |  |  |  |  |  |  |
| Trash | Trash and recycling are trending under budget as of 2021-2022 2nd Quarter and staff do not foresee a change in the year end forecast. |  |  |  |  |  |  |  |  |  |  |  |  |
| Snow Removal | Due to lack of snowstorms in 2021-2022 2nd Quarter, this utility usage is lower compared to the prior year in 2020-2021. However, this is weather dependent and 2021-2022 3rd Quarter has seen an increase in snowstorms through early February 2022. |  |  |  |  |  |  |  |  |  |  |  |  |
| Ice Melt |  early February 2022. |  |  |  |  |  |  |  |  |  |  |  |  |

DOUGLAS COUNTY SCHOOL DISTRICT RE-1
TRANSPORTATION MONTHLY FUEL EXPENSE REPORT - FUND 25
For the Period Ended December 31, 2021
Table 1: Twelve Month Rolling Fuel Prices (Dollars per Gallon)

| $\$ 3.00$ $\$ 2.50$ |  |  |  |  | \$2.47 | \$2.61 | $\$ 3.00$ | \$2.9 | \$2.58 | \$2.67 | \$2.52 | \$2.37 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| \$2.50 |  |  | \$2.11 | \$2.25 |  | \$2.65 | \$2.64 | \$2.53 |  | \$2.53 |  | $\xrightarrow{\bullet}$ |
| \$2.00 | \$1.65 | $\$ 1.87$ | \$2.25 |  |  |  |  |  |  |  | \$2.33 | \$2.21 |
| \$1.50 | \$1.63 | \$1.77 |  |  |  |  |  |  |  |  |  |  |
| \$1.00 |  |  |  |  |  |  |  |  |  |  |  |  |
| \$0.50 | January | February | March | April | May | June | July | August | September | October | November | December |

Table 2: Twelve Month Rolling Fuel Usage (Gallons)

Table 1: Fuel costs are always off compared to what is at the pump. Fuel is purchased in bulk to accommodate all entities including Public Works, Douglas County, and the DC Sheriff's department. When their fuel usage is also low the purchase of fuel is lower thereby driving the gallons that offset to the purchase price. Diesel costs were lowest this quarter compared to last quarter with $\$ 2.67$ per gallon in October and a reduction in price by a full $\$ 0.30$ by December Unleaded fuel prices also saw a big decrease quarter over quarter ending the quarter at $\$ 2.21$ per gallon vs. $\$ 2.53$ in October. Staff anticipate fuel prices to again increase dramatically over the next quarter due to OPEC rates and volatility in the market.

Table 2: Fuel usage by the gallon was lower in 2021-2022 2nd Quarter compared to August and September due to the holidays in October, November, and December. Diesel usage was lowest in December with a decrease from October of 3,784 gallons. Unleaded fuel usage was lowest in December with November being lower than October. The difference between October and December was a decrease of 2,564. Fuel usage will increase in 2021-2022 3rd Quarte as the majority of school holidays are over and buses will be running more weeks.

Table 3: Miles driven in 2021-2022 2nd Quarter were highest in October due to the holiday time off in November and December. The District drove 123,525 diesel miles in October increasing 2,060 in November and dropping by 27,558 in December. Average ridership in October was 6,599 students with a minor drop to 6,385 average student ridership in November and an increase to 6,815 for December. The volatility in these numbers is attributed to holiday weeks in October and November and greater ridership in December due to colder weather.

Table 3: Twelve Month Rolling Miles Driven for Student
Transportation

DOUGLAS COUNTY SCHOOL DISTRICT RE-1 NUTRITION SERVICES MONTHLY FOOD AND LABOR REPORT - FUNDS 21 AND 28

For the Period Ended December 31, 2021

Table 1: The number of meals served in 2021-2022 2nd Quarter is significantly higher than 2020-2021 2nd Quarter due to full in person learning being maintained in the current year, compared to hybrid and remote learning in the previous school year. The increase also reflects increased participation in free meals for all students.

Table 2: Food Costs overall are significantly higher in 2021-2022 2nd Quarter due to the increase in the number of meals being prepared and served at all school levels compared to the prior school year. Food costs as a percent of revenue were maintained to an appropriate industry standard of under $38 \%$ for each month.

Table 3: Labor Costs overall are higher in 2021-2022 2nd Quarter due to an increase in the number of Nutrition Services staff members and the increase in the number of labor hours being utilized to serve free meals for all students. Labor Costs as a percent of revenue are within industry standards for each month.
