Non-Voting Members Recommended

Student Representative

Heidi Marlin

Student Representative

Kaitlyn Garcia

Elementary Education Representative

Stacey Roberson

New Members - Statements of Interest and Qualifications

Heidi Marlin

I would love to participate as a student rep! My name is Heidi Marlin and I am a junior at Ponderosa High School. I would love to join the committee because I believe I offer valuable input. Not only my own as an involved student in my school but the input of my peers and teachers across the district with my mom being a Douglas County teacher 16 years and counting. I would love to take this opportunity to do my part to better and help my community. Thank you for your consideration.

Kaitlyn Garcia

My name is Kaitlyn-Bree Garcia, I am a junior at Ponderosa High School, and in the future, I plan to be a nurse. I care about our residents' well being and it is important to me that the environment/district that they develop in are being assessed and improved as much as possible to take care of them. I am passionate about student voices and my goal would be to bring their concerns to the board. I want to make sure every voice is heard and want to make an impact on the committee while I am an active member. It is important to me that every student, faculty, family, and member of our district is taken care of and feels heard. Already being a part of the student advisory group for DCSD, I feel that I can make even more of an impact through being a member of this committee. We are in this together, but not one person can do it by themselves. Me being added to the team, I will ensure that I reach and exceed your expectations of me. Thank you.

Stacey Roberson

I am currently in my seventh year as Principal of Soaring Hawk Elementary School, located in the vibrant Meadows neighborhood of Castle Rock. Recently, my Executive Director invited me to consider joining the Long Range Planning Committee due to the shifts in growth and population across Douglas County, particularly in Castle Rock, which directly influence enrollment at Soaring Hawk. I am eager to contribute to this committee and play an active role in shaping solutions that address both growth and decline, ensuring our district and community can effectively navigate these changes.
